

## Proud Recipient of Women in Networking 2012 WINspiration Award

**Lori Spiess**  
Owner/President

**T**his year Women in Networking added a special award, the WINspiration Award for a woman who has been a trailblazer and inspires other women with her achievements, commitment, business savvy and tenacity to grow a business while remaining passionate about her work. The WINspiration Award recipient's business and personal growth are a special inspiration to all women in business.

**W**hen Lori Spiess opened OffiCenters 30 years ago, she not only created incubation space for many small business owners, but showed many the way to success. She shares her wisdom generously, helping her clients cross pollinate their expertise and contacts, while providing guidance on business priorities and interpreting trends. Associates believe that Lori's understanding

of labor needs and her efforts to support small business development play a key role in economic recovery. They note, "Lori invests in what matters. Her business provides a luxury experience at an affordable price. She keeps up to date and offers training to her clients to keep them on top of business trends in addition to being an outstanding employer." The employee longevity (many with tenure exceeding 10 years) is a great indicator of her business management skills.
